Your journey from Quito Airport to Galapagos Sky

A step by step guide from your arrival in Ecuador to boarding the liveaboard

This guide explains what to expect when you arrive at Quito Airport, travel to the Wyndham Quito Airport, and fly on to San Cristóbal to join Galapagos Sky. Keep it with your travel documents and follow the steps in order.

Before you leave home

Keep these items in your hand luggage:

- Passport
- Hotel voucher and travel documents
- Galápagos flight confirmation, if supplied
- Galapagos Sky contact details
- A payment card and a small amount of US dollar cash
- Essential medication, valuables and anything you will need during the flight

Quito Airport at a glance

- Quito Airport has one terminal.
- International and domestic arrivals are on the lower level & departures are on the upper level.
- Facing the terminal with your back to the road, international flights are to the left and domestic flights are to the right.

After-hours telephone and WhatsApp: +593 98 894 8912
Download WhatsApp before travelling and save this number in your phone.

Arriving at Quito Airport

1. Pass through immigration. Follow the signs after leaving the aircraft and have your passport checked.

2. Collect your hold luggage. Baggage delivery can be slow, so do not worry if you have to wait. Luggage trolleys may require a small amount of USD cash.

3. Pass through customs. Continue into the public arrivals hall with your luggage.

4. Find the Wyndham representative. Look for a representative holding a Wyndham hotel sign. They will direct you to the shuttle boarding point.

Wyndham shuttle boarding sign *Airport concierge desk*

If you cannot see the representative: turn left inside the arrivals hall and go to the airport concierge desk shown above. Ask the staff to contact the Wyndham Quito Airport shuttle.

5. Take the hotel shuttle. The journey to the Wyndham Quito Airport normally takes around 5–10 minutes.

At the Wyndham Quito Airport

Present the hotel voucher included in your travel documents when checking in. Your accommodation is booked on a bed-and-breakfast basis.

Hotel address: Parroquia Tababela S/N, Via Yaruquí, Quito 170183, Ecuador

The evening before your Galápagos flight

Galapagos Sky will normally place a departure letter under your hotel room door on Saturday evening. It will confirm your flight and meeting arrangements.

Read this letter carefully. If you do not receive the letter, follow the timings shown below and contact Galapagos Sky if you need assistance

Complete your online declaration

Each passenger must complete their own online declaration.

Complete the Galápagos entry declaration on Saturday evening using this link:

https://siabg.abgalapagos.gob.ec/declaraciones/nueva

When you finish:

- Take a screenshot or photograph of the QR code.
- Save it somewhere easy to find on your phone.
- Do not rely on receiving it by email.
- You will need to show the QR code during biosecurity screening at Quito Airport.

Arrange your morning shuttle

Confirm the airport shuttle time with hotel reception before going to bed. We recommend the 05:30 shuttle to be at the airport at least two hours before your flight departs (SUNDAY AV1630 @08:00).

If you opt to take the 06:00 shuttle, please be aware queues inside the airport can build up quickly.

If you are travelling on a different flight, please ensure you are at the airport 2hrs before departure

Before leaving your room

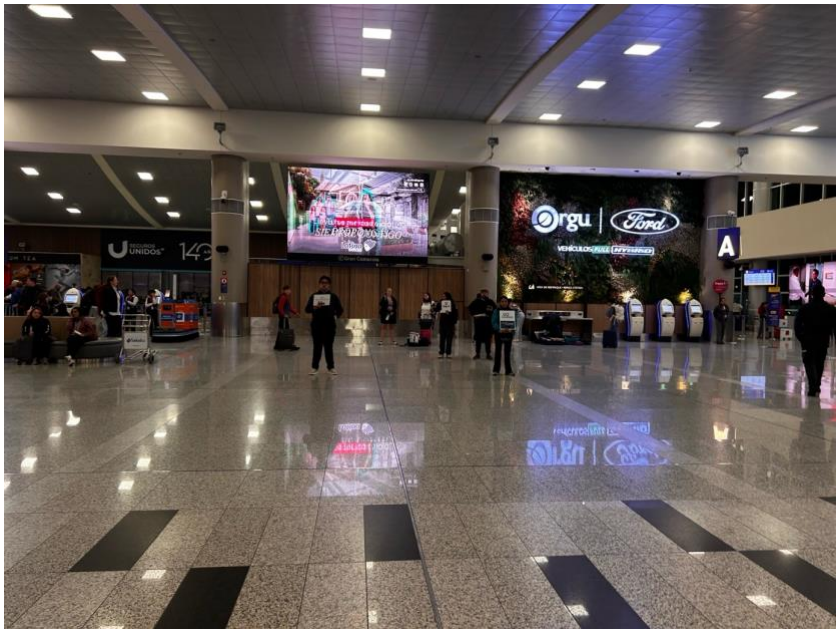

- Passport
- Phone with the declaration QR code saved
- Travel documents
- All essential medication and valuables in your hand luggage

Returning to Quito Airport

1. Ask for domestic departures. Tell the shuttle driver that you are travelling to the Galápagos Islands (San Cristobal/Avianca).

2. Use the far-right entrance. Enter the terminal at the domestic departures end.

3. Find the Galapagos Sky team. Look for a representative holding a Galapagos Sky or Ecoventura sign. **Do not** join the airline check-in queue before speaking to the representative.

Look for the Galapagos Sky or Ecoventura representative inside domestic departures

Collect your Transit Control Card

You have prepaid for the TCT card as part of your package. The representative will give you your Transit Control Card, usually referred to as the TCT. This confirms that you are authorised to travel to the Galápagos Islands.

Keep your TCT safe and in your hand luggage. You will need to present it when you **arrive and leave** San Cristóbal.

Your Transit Control Card will look similar to this

Biosecurity screening

The Galapagos Sky representative will direct you to the Galápagos biosecurity screening area.

Entrance to the Galápagos biosecurity screening area

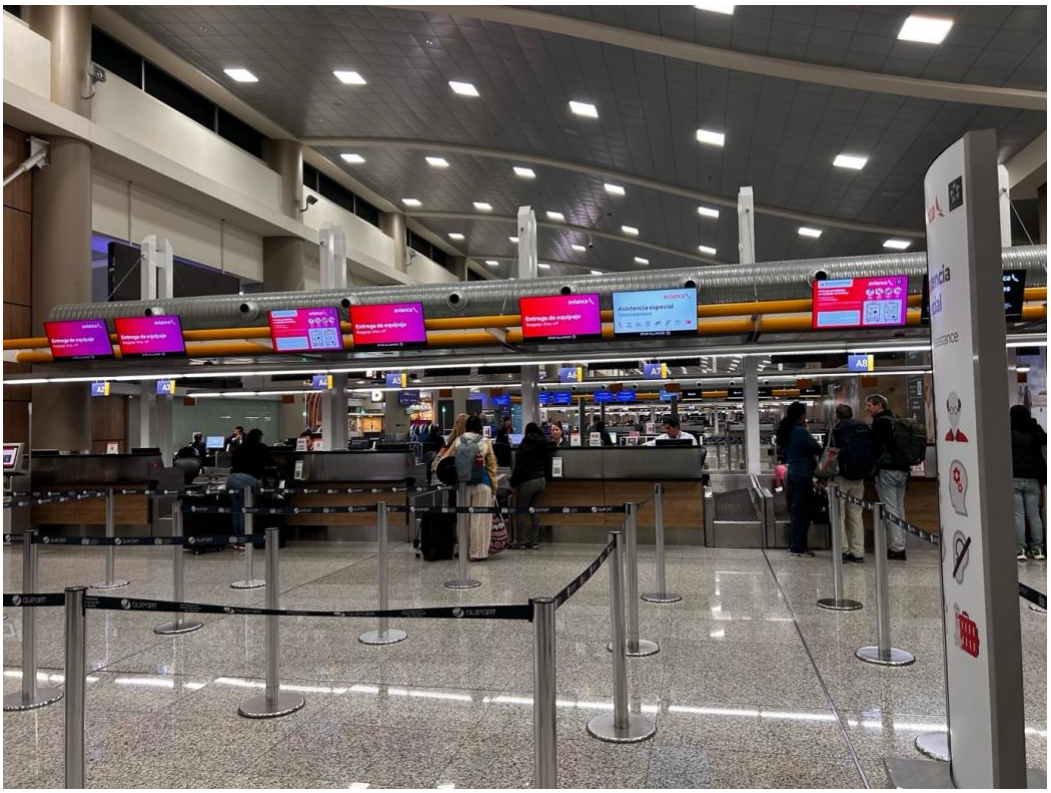

1. Show your declaration QR code. Have the saved screenshot ready on your phone.

2. Put your hold luggage through the scanner. Staff check baggage to protect the islands from prohibited plants, food and other biological material.

3. Allow staff to seal your hold luggage. Make sure medication, documents, valuables and anything required during the flight are already in your hand luggage before the hold bag is sealed.

Avianca check-in and departure

After biosecurity screening, exit to the Avianca check-in desks. The Galapagos Sky representative will assist you.

Avianca check-in desks at Quito Airport

If you are travelling on the standard Galapagos Sky flights: the representative will hold the group flight arrangements and help you check in. You will not have received an individual e-ticket in advance.

If you are travelling on a different flight: use the flight confirmation supplied with your travel documents.

1. Present your passport. The airline will check your booking and luggage.

2. Economy hold allowance 1 piece 23kgs + 10kgs hand baggage 55 x 35 x 25 cm (22 × 14 × 10 in) plus 1 personal item (eg laptop bag)

Pay any excess baggage charge. It is simple to pay for additional hold luggage at the desk on the day (approx. $60 per hold bag per way) Carry a payment card and some US dollar cash as a backup.

3. Collect your boarding pass. Check the flight number, departure gate and boarding time.

4. Go through security. Continue into the domestic departures area, where you will find seating, shops, a café and the gates.

Arriving in San Cristóbal

San Cristóbal Airport

1. Enter the terminal. Follow the other passengers into the small arrivals building and join the queue.

2. Complete the arrival checks. Airport staff will check your TCT, Galápagos National Park entry arrangements & passport

Your National Park fee has been prepaid as part of your package. You should not be asked to pay it again. The airport staff have a prepaid list of names. However, if there is any difficulty, show your travel documents and ask for the Galapagos Sky representative.

3. Collect your luggage. Bags are placed in the collection area inside the terminal.

4. Meet the Galapagos Sky team. Leave the terminal and look for the Galapagos Sky or Ecoventura representative. The team will take you and your luggage by bus to the jetty. The Galapagos Sky crew will handle the luggage and transfer arrangements from here on.

5. Transfer to the boat. At the jetty, the team will explain the boarding arrangements and transfer you to Galapagos Sky. You do not need to arrange your own transport.

You have made it — welcome to the Galápagos Islands!

exceptional underwater adventures

Quito Airport Instructions

BEFORE YOU TRAVEL TO THE GALAPAGOS

Sworn Declaration Form

All travelers 18+ must complete this online form within 48 hours before flying. It helps protect the islands by declaring any food, plants, or camping gear. Show the QR code you receive via email to Biosecurity staff upon arrival. **Fill out the form here**

DEPARTING QUITO

Please arrive at the airport's **domestic terminal two hours** prior to takeoff. Upon entering the terminal, you will find our airport assistant, **Sebastian Bravo**, holding an Ecoventura / **Galapagos Sky** sign.

STEP 1: Introduce yourself to Sebastian, who will guide you through the check-in process.

STEP 2: Sebastian will direct you to the nearby **bag scanning area**, where your luggage will be scanned by authorities from the National Park.

STEP 3: Return to Sebastian, who will provide you with your **boarding pass** and **transit control card** (if pre-paid).

STEP 4: Proceed to the **Avianca counter** to check in your luggage.

STEP 5: Complete the **departure security checks.**

STEP 6: Once cleared, you will be in the **departure lounge**. Please monitor the departure screens, as you are now ready to fly to **San Cristobal, Galapagos**.

ARRIVING AT SAN CRISTOBAL, GALAPAGOS

STEP 1: Upon arrival in Galapagos, please wait in line as the **National Park team** processes passengers entering. Ecoventura has provided a list of passengers who have pre-paid. Anyone who has not pre-paid or is not on the **Sunday flight AV1630** will need to pay the fee at the airport in cash only.

STEP 2: Claim your baggage and exit the airport, where our team will be waiting to assist you. They'll take care of your luggage and deliver it directly to your cabin. Our guides will escort you in a private minivan from the airport to the dock, where you'll board a zodiac for a short ride to the Galapagos Sky!
